welcome!

Hi there,

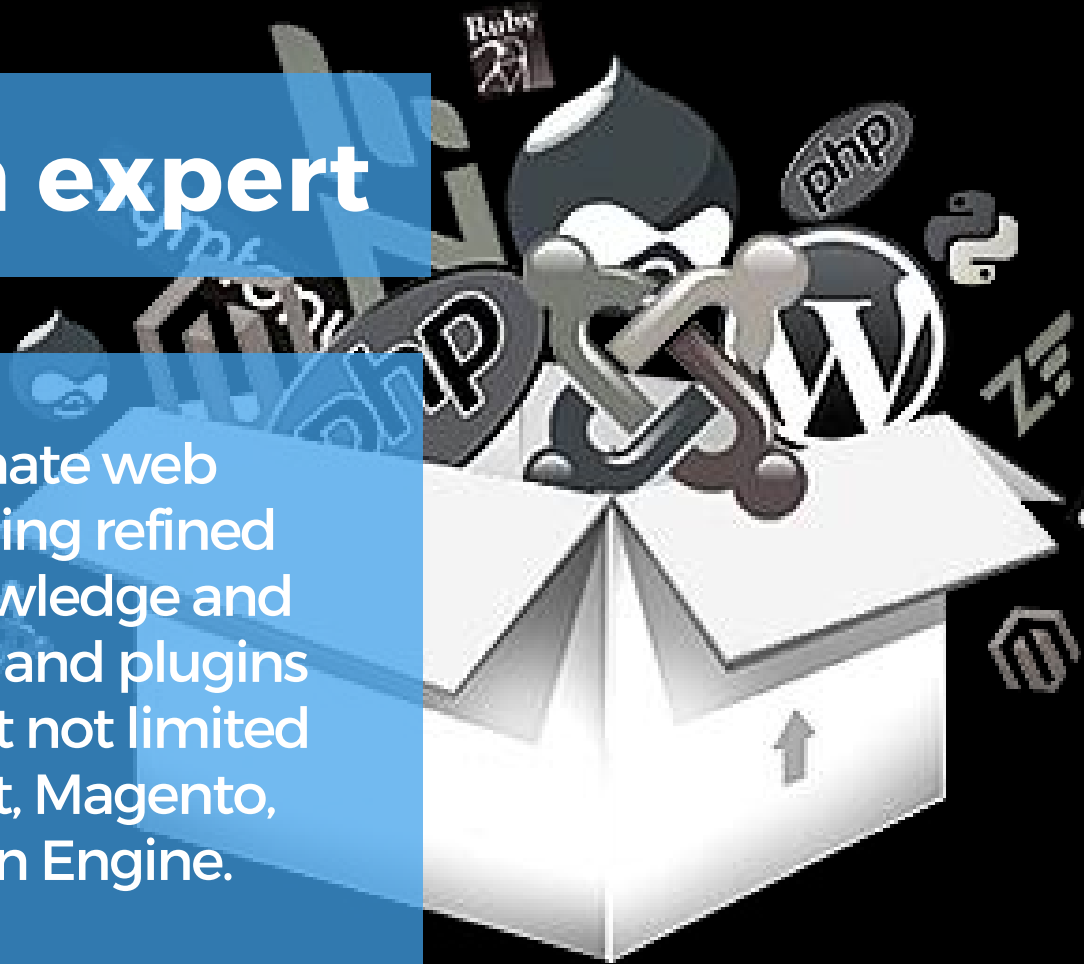

Welcome to our presentation. It's
pleasure to have you.

Thank you so much for your time.
We sincerely appreciate it :-)

From all of us here at
- Tausch Technologies

code perfection expert

Tausch is a company of passionate web architects, excellent at producing refined web solution with a broad knowledge and Experience of building themes and plugins for various CMSes Including but not limited to Wordpress, Drupal, Opencart, Magento, Joomla, Shopify and Expression Engine.

we are for

Professional Web Companies

For those who have established themselves in the website building business but need extra hands to meet their client's expectation. Tausch has the experience to work seamlessly with existing development team, continue unfinished project, and deliver closure to tight-scheduled projects.

Business Owner

For those who have established business and is trying to reach a wider audience, Tausch offers a set of web solution that starts from analyzing, planning and execution to bring the best support an advanced technology can give to the success of one's business.

Professional Developers

For those who have the best visual ideas but but need a helping hand to put functions into beauty. Tausch offers a set of developers who understand that pixel-perfect slicing does matter.

Professional Designer

For those who have smaller team in need of missing-link such as front- end developer, UX designer, or additional developers, Tausch offers the best talents that are ready to work with an existing team.

Quality Control For Projects

We have designed a set of test care that will ensure each system we build will never break in production scenario.

Analyze Every Project

We analyze every project's goal effectively and in timely manner. We meticulously plan all possible options and propose the best approach for your project.

Delivery On Schedule

We have never failed to satisfy our client by meeting the deadline we agreed upon..

Free evaluation quotes

If you are not sure about the best scheme your project needs, we urge you to take the free Evaluation Quotes to help you decide which one is the best option.

Passionate For Technology

We are excited to apply the latest technology to our project while maintaining backward-compatibility with older system.

Dedicated Project Management

To keep the project on track, assign a dedicated project manager to communicate issues between you and our development team.

Expert Skill

Our team is composed of highly trained and experienced individuals who will help you achieve your project goals.

Fair and Reasonable Price

Choose the price that suits your development needs best. We have two simple engagement models to choose from.

why tausch

Bringing The Best Support

After a successful delivery. We will still provide the best support you can enjoy to make sure that your dream website keeps growing.

High Quality Services

Our team is composed of highly trained individuals who have the experience needed to support well known web technology such as Wordpress, Magento, Joomla and also custom built CMSes.

Trust and Partnership

We are devoted to serve your interest in attaining your dream website, thus we are ready to sign a non-disclosure agreement.

Best Applicable Technology

We are excited to explore the latest technology to bring you the best possible experience in your website and in the same time keeping the support for legacy browsers that are still being used in enterprises.

Manageability

Meeting deadlines is always a critical point. As well as keeping the chance the final product can grow and scale, therefore we provide a dedicated project manager to keep the project on track.

Growth And Network

We believe that we can grow better by supporting other people to grow with us. Therefore we provide you with affordable pricing schemes you can choose. Enjoy loyalty discount as we continue our partnership for additional projects.
